

How to find direct sales of photovoltaic panels

How do I Sell my solar panels?

Find a good location to sell your solar panels. If you are selling to homeowners, consider setting up a display at a local home improvement store or green fair. If you are selling to businesses, consider exhibiting at trade shows or business expositions that focus on environment-friendly products and services. Price your solar panels competitively.

Should you sell rooftop solar panels?

Solar panels are increasingly popular across the world, with renewable energy seen as one of the best ways consumers and homeowners can make a positive impact on the environment. For salespeople, this is a competitive market. When it comes to selling rooftop solar panels, you need every advantage possible. Selling solar takes time.

How do you convince prospects to buy solar panels?

Because of these things, many of your prospects will be hesitant to buy solar panels. One of the best ways to earn their trust and close deals is to highlight other people who have already made the switch to solar and loved the experience. In other words, tell prospects about your happiest customers.

How to create a high-converting solar sales pitch?

First things first, you have to understand your audience to create a high-converting solar sales pitch. Then build an ideal customer profile (ICP) to match. In the solar industry, ICPs are normally: Homeowners: Since renters don't own the homes they live in, they won't want to talk to you about solar. Focus your energy on homeowners.

How do you sell a residential solar property?

Residential solar sales rely on visuals. Make an impact. Stand out, with a presentation/pitch document that makes customers want to buy. Use colors that make customers think of the environment. Such as green, blue, yellow. Use images of people like themselves. With properties in the presentation that look familiar.

How do you get customers to buy a solar system?

One of the best ways to earn their trust and close deals is to highlight other people who have already made the switch to solar and loved the experience. In other words, tell prospects about your happiest customers. Have you sold a solar system to anyone else in the prospect's neighborhood?
