A power backup, also known as a backup power system or standby power system, refers to a secondary source of electrical power used to provide electricity when the primary power supply from the utility grid (e.g., Umeme) fails or is unavailable.

IBank Power Solutions im Einsatz - Ein Zwischenfazit. 16. August 2023. Es ist schon erstaunlich, was sich auf dem Gebiet der mobilen Stromversorgung (nicht) nur für Angler getan hat. Spätestens seit dem Einzug der Lithium-Ionen - beziehungsweise noch aktueller: der Lithium-Eisenphosphat-Technologie (LiFePo4) - sind sie vorbei, die ...

Personal and household loans, along with credit to the agriculture and construction sectors, are set to drive loan growth in Uganda. We think that confidence in Uganda's banking sector will improve owing to two factors: robust capital buffers and the country's removal from the Financial Action Task Force (FATF)'s grey list in February 2024.

The I& M Bank Uganda Exco Team, that is led by Kumaran Pather (center) brings nearly 20 years of combined financial services experience in and outside Uganda, to the game. On 30th April 2021, I& M Group Plc completed the acquisition process of 90 per cent of Orient Bank and consequently renamed the 28-year-old Ugandan bank...
