

On October 2, 2024, GSL Energy installed a 19kWh high-voltage energy storage system in Israel, perfectly integrated with the Deye inverter. This system provides reliable backup power, cost savings, and supports the transition to green energy. Learn more about GSL Energy's efficient, customizable energy storage solutions.

Sungrow will supply a 16MW/64MWh battery energy storage system (BESS) to a customer in Israel, which will lower emissions and improve efficiency at one of the country's biggest power plants. The energy storage division of the China-headquartered PV inverter manufacturer announced the deal with Israeli infrastructure solutions company Afcon ...

Sunlight Group continues expanding its activities via the acquisition of a 51% stake in Israeli Industrial Batteries, which specializes in the assembly and distribution of industrial batteries and energy storage systems in Israel, the Middle East and North Africa. Learn more about Sunlight's successful acquisitions.

Epsilor's new high-voltage tactical battery solution, based on its standard 6T modules, addresses the growing demand for power in deployable high-power defense systems and forward operating bases (FOB), as well as in hybrid and electric defense vehicles.

With this pre-installed high energy density ESS, which is scalable, controllable, and flexible, a high-resilient renewable generation system, peak shaving, and backup power are ensured.

February 16, 2023: The Sunlight Group gave details of its latest acquisition on February 14 -- taking a 51% controlling stake in Israeli Industrial Batteries Energy Storage Systems. IIB, which has had a decade-long business relationship with Sunlight, specializes in the assembly and distribution of industrial batteries and energy storage ...

In the fast-evolving landscape of military technology, Israel's Epsilor Electric Fuel Ltd. has taken a significant leap forward with the unveiling of its new Military High Voltage Battery System. This innovation, grounded in the company's widely respected NATO-standard 6T battery, is set to redefine how power is managed in defense systems ...
