

Issued 400 million yuan in bonds for photovoltaic energy storage

Will China tighten investment rules for solar photovoltaic projects?

REUTERS/Stringer/File Photo Purchase Licensing Rights BEIJING, July 9 (Reuters) - China's industry ministry issued draft rules on Tuesday tightening investment regulations for solar photovoltaic (PV) manufacturing projects as it looks to pare back overcapacity. Projects will need to have a minimum capital ratio of 30% under the new rules.

How much money has been invested in China's new energy storage station?

The project has a total investment of approximately 4.5 billion yuan, covering an area of 24,900 mu. It is divided into 315 sub-arrays and is currently the largest single energy storage station under construction on the domestic grid side.
