The suspension of the CET is effective from February 2, 2024, to February 1, 2025, for a quantity of 240,000 Lithium-Ion Batteries. Jamaica will continue to monitor the industry and utilize the mechanisms available under the Revised Treaty of Chaguaramas to verify and determine regional capacity to supply the product, in the coming months.

Jamaica will enjoy another year of duty-free importation of lithium-ion batteries sourced from outside CARICOM. This comes as CARICOM has approved the suspension of the Common External Tariff, CET for 240,000 batteries. The Ministry of Industry, Investment and Commerce made the announcement in a statement on Monday.

3 ???&#0183; The Jamaica Fire Brigade (JFB) is urging citizens to prioritise safety, especially when handling devices powered by lithium batteries, during the festive season. Superintendent at the JFB, Emeleo Ebanks, told JIS News that individuals must observe safety practices to prevent fires and other hazards.

Bac de stockage batterie lithium-ion, acier galvanis&#233;, capacit&#233; 280,7 l, remplissage PyroBubbles&#174; 4 variantes disponibles 6 399,00 EUR H.T.
