

An installation of ours has featured a Jinko battery and inverter. The system has performed optimally and we are confident enough in their reputation as industry leaders, market movers and innovators to recommend ...

Battery Type Nominal Voltage Operating Voltage Range IP Protection Installation Operation Temperature
BMS Monitoring Parameters Communication Port Warranty: 10 years Certification Cobalt Free Lithium Iron Phosphate (LFP) 51.2V 47.2 - 56.8V IP65 Wall-mounted or Floor installation *1-10°C ~ 50°C

Al-Nasr Solar Solutions provides the answer to this problem through large containerized energy storage systems with lithium batteries from Jinko Solar. We offer energy storage systems with various capacities ranging from 215 kW to 3,440 kW, ...

Discover how Jinko's innovative solar solutions are revolutionizing residential energy in Yemen. Harness the power of the sun with Jinko's cutting-edge technology for a sustainable and cost-effective energy solution.

It is a 48V, 100Ah battery that is made with cobalt-free lithium iron phosphate (LFP) cells. The battery has a 10-year warranty and is designed for use in solar power systems, backup power systems, and electric vehicles.

At Al-Nasr Solar, we are committed to providing the highest quality products in the solar energy market for our customers in Yemen. One of the most important products we offer is lithium batteries, which are distinguished by the following features:

An installation of ours has featured a Jinko battery and inverter. The system has performed optimally and we are confident enough in their reputation as industry leaders, market movers and innovators to recommend their batteries to our clients.

1 ?; It is a 48V, 100Ah battery that is made with cobalt-free lithium iron phosphate (LFP) cells. The battery has a 5-year warranty and is designed for use in solar power systems, backup power systems, and electric vehicles.
