From our knowledgeable and professional staff to our highly trained and experienced technicians, we have the ability to design, install and maintain residential and commercial solar power systems in a way that not only meets your property's needs, but exceeds them several times over.

We specialize in roofing and installing SOLAR energy across the 5 boroughs in New York City and in New Jersey. We install for our own customers and as a subcontractor for many vendors. Our internal residential and commercial solar division is Kamtech Solar Solutions. ...

The Pitcairn Islands (/ ... All homes have solar systems generating over 95% of that required for home use. The only qualified high-voltage electrician on Pitcairn, who manages the electricity grid, reached the age of 67 in 2020. [91] Demographics

The installation of a 7kW solar system could earn a \$1,400 deposit from the state! This incentive was once \$1.00 per watt before savvy homeowners took advantage and it will continue to decrease as more people install solar systems. Kamtech and SunPower collect this grant from NYSERDA directly, reducing your cost to install solar. Start Saving
