

Kazakhstan, a vast and resource-rich nation in Central Asia, is at a crossroads in its energy sector. With a growing emphasis on sustainability and a need to align with global decarbonization efforts, the country is embarking on a transformative initiative that aims to ensure the security and reliability of its energy supply.

CORNEX M5 incorporates a self-developed Juneng 314Ah energy storage battery cell, boasting a cycle life up to 12,000 cycles and an impressive energy density up to 185Wh/kg.

5. 5.1.3. Cornex New Energy Co.,Ltd. is a globally-oriented new energy innovation and technology company of lithium-ion battery, which focuses on the development, manufacturing and sales of traction battery and energy management system which includes electrochemical energy storage, electric vehicle, commercial vehicle, construction machinery and others.

Kazakhstan has made ambitious commitments to reduce its greenhouse gas emissions and increase the role of renewables, but achieving these goals requires overcoming its dependence on cheap domestic coal and addressing its lack of flexible generating capacity, according to a new policy review by the International Energy Agency.

3 ???&#0183; Cornex New Energy Co.,Ltd. is a globally-oriented new energy innovation and technology company of lithium-ion battery, which focuses on the development, manufacturing and sales of traction

battery and energy management system which includes electrochemical energy storage, electric vehicle, commercial vehicle, construction machinery and others.
