

Whether your project is 5kW for your house, or 5MW for a solar farm, contact us today for our Certified Solar Energy Systems Design team to start on your project. Whether you already know what you need or you are still learning, reach out ...

Founded in 2012, Hanwha Q CELLS company is known for its high-quality, high-efficiency solar cells and solar modules, and it offers a wide variety of photovoltaic products, applications and ...

The AC solar home systems have capacity from 300Watts~1000Watts. They consist of solar panel arrays, solar charge controller, battery and inverter. All parts except the solar panel arrays are integrated into a single portable box, with the output of both AC 220 volts & DC 12 volts.

Our understanding of energy requirements in Papua New Guinea has led us to become distributors of leading solar brands here. We work with manufacturers whose products are suited to the difficult environments that exist here and have the infrastructure required to distribute, support and maintain them.

At PNG Solar Supply, we want to provide you with the tools you need to set up your solar systems. We are an experienced Papua New Guinean owned business focused on offering products from diverse manufacturers to best suite your needs. We have a team that is able to help with design, and we handle everything for you.

Whether your project is 5kW for your house, or 5MW for a solar farm, contact us today for our Certified Solar Energy Systems Design team to start on your project. Whether you already know what you need or you are still learning, reach out to us.

Founded in 2012, Hanwha Q CELLS company is known for its high-quality, high-efficiency solar cells and solar modules, and it offers a wide variety of photovoltaic products, applications and solutions, solar modules, solar kits, and also large-scale solar power plants.

AIMS Power inverters are available up to 8000 watts throughout Papua New Guinea in 12, 24 & 48 volt models for off-grid, mobile & emergency backup power applications. FREE SHIPPING (some products excluded)

These solar solutions come in set kits that included lights, battery boxes and a solar panel ranging from small 5 volts panel to a 12 volts panel which is the largest of the kit. We also sell other solar products like solar panels, invertors, solar controllers, solar cables, solar batteries and lights.
