

How do I avoid a crappy solar panel deal?

To avoid a crappy solar panel deal, watch out for these scammy sales tactics. Dealing with door-to-door salespeople is annoying, no matter what they're selling. But the solar industry is full of bad actors, with solar salespeople knocking at your door with misleading offers and overpromised savings.

Can bad actors wiggle their way into home solar panel installation?

Since home solar panel installation is still a relatively young business, there's ample room for bad actors to wiggle their way in to make a go at your wallet.

Are solar leases and PPAs a good choice?

Solar leases and PPAs are a good choice for some people, but you have to be very careful when vetting a company that offers these methods of third-party ownership. The contracts often last for 20 years or more, and some companies include "escalator clauses" that increase the payments by a small percentage each year.
