

Will kontrolmatik build a battery factory in South Carolina?

PRESS RELEASE FROM KONTROLMATIK TECHNOLOGIES,INC. Kontrolmatik Technologies,via its subsidiary Pomega Energy Storage Technologies,announced today that it will build its first U.S. lithium-ion battery factory in South Carolina.

Where are kontrolmatik batteries made?

Kontrolmatik's utility-scale batteries are used for utility,grid,and industrial-scale energy storage applications. The company also has a 2GWh capacity factory currently under construction in Turkey,set to begin production in 2023. The U.S. factory's anticipated opening is in 2024.

Where is kontrolmatik & pomega located?

"We are very excited to locate our flagship factory in South Carolina,and we appreciate the warm welcome we have received everywhere we've gone throughout the state," said Bahadir Yetki,CEO of Kontrolmatik and Pomega.

CHICAGO, Dec. 8, 2022 - Today, Kontrolmatik Technologies announced that it has chosen Colleton County, South Carolina, for its first U.S.-based lithium-ion battery factory. The factory ...

Kontrolmatik Technologies, via its subsidiary Pomega Energy Storage Technologies, hosted a groundbreaking ceremony for its previously announced 3-GWh lithium-ion battery manufacturing plant in South Carolina.

Kontrolmatik Technologies Establishing Operations in Colleton County. \$279 million investment will create approximately 575 new jobs . Walterboro, S.C. - Kontrolmatik Technologies, via its subsidiary Pomega Energy Storage Technologies, today announced plans to build a 3 gigawatt-hour (GWh) capacity lithium-ion battery factory in Colleton ...

Having made one of the first investments to produce lithium-ion battery cells in Turkey, Kontrolmatik has rolled up its sleeves for production in the USA this time. The company, which received \$127 million in incentives from the state of ...

In concurrent and related news, Turkish company Kontrolmatik is holding a groundbreaking ceremony today (2 February) for its LFP cell manufacturing facility in South Carolina. The facility will begin production in ...

A groundbreaking ceremony was held on Feb. 7 for a South Carolina factory that plans to manufacture lithium-ion battery cells exclusively for grid-scale energy storage applications. The plant will be operated by Pomega Energy Storage Technologies, a subsidiary of Kontrolmatik Technologies, with an initial production capacity of 3 GWh, the ...

In concurrent and related news, Turkish company Kontrolmatik is holding a groundbreaking ceremony today (2 February) for its LFP cell manufacturing facility in South Carolina. The facility will begin production in mid-2024 with an initial annual production capacity of 3GWh, 50% higher than when the firm first announced its US plans.

Incentives offered vary from state to state, and Kontrolmatik's attorneys argue that once they chose South Carolina for the facility, the memorandum with JLL was never updated to reflect...

A German-based industrial heavyweight is joining with an electric vehicle battery manufacturer to create a sustainable battery ecosystem in South Carolina. Kontrolmatik, a systems integrator ...

Having made one of the first investments to produce lithium-ion battery cells in Turkey, Kontrolmatik has rolled up its sleeves for production in the USA this time.
