

A consortium led by Sunseap Group has signed a memorandum of understanding (MoU) with local and overseas partners to explore and build nearly 7GWp of solar power systems in Indonesia's Riau Archipelago region.

Plans for a 50GW hybrid solar PV and wind project in Western Australia have progressed, with project developers Western Green Energy Hub (WGEH) and the Korea Electric Power Corporation (KEPCO ...

BELGRADE, October 16, 2024 - The government of Serbia has signed a deal with a consortium of US player UTG Renewables and South Korea's Hyundai Engineering & Technology for the development of 1 GW of solar, Reuters reported on Wednesday. The consortium will construct six solar plants, according to the country's energy ministry. An agreement on the installation was ...

EWEC (Emirates Water and Electricity Company) has announced the award for its 1.5 gigawatt (AC) Al Ajban Solar PV Independent Power Project. The development of the utility-scale solar power plant was awarded to an international consortium of EDF Renewables and Korea Western Power Company (KOWEPO), and Masdar as the local shareholder.

MUSCAT: The partnership of EDF Renewables, a global leader in clean energy development, and Korea Western Power Co Ltd (KOWEPO), a key player in South Korea's power sector, has won an award to construct and operate a major solar PV-based Independent Power Project (IPP) in the Wilayat of Manah in the Sultanate of Oman's Al Dakhiliyah Governorate.

Estonia: 0.77: 11.9: 0.69: 32.7: 13% ... Solar power features prominently in Modi government's US\$2.5 billion SAUBHAGYA scheme launched in July 2015 to electrify every Indian household by 2019 -- a huge task considering around 300 million people were without electricity. ... The Sinan solar power plant is a 24 MW photovoltaic power station in ...

The project company, led by EDF Renewables and Korea Western Power (KOWEPO), alongside their partner Abu Dhabi Future Energy Company PJSC - Masdar, announced today the successful financial closing of the 1.5 gigawatt (GW) AC Al Ajban Solar Photovoltaic (PV) Independent Power Producer (IPP) project in the Emirate of Abu Dhabi.

The future 1 GW plant will be the first large-scale licensed solar power plant, an important step towards the utilization of Turkish renewables potential. The winning consortium comprises the Kalyon group, known for its construction projects and Hanwha, one of the largest conglomerates in South Korea.
