

How do Liechtenstein municipalities get the energy City label?

Liechtenstein municipalities can obtain the Energy City label if they continuously ensure efficient energy use, increase investments for renewables, including solar energy, wind energy and hydropower, and promote environmentally compatible mobility. The certificate is awarded by the Energy City Sponsoring Association.

Will Hilti build the largest photovoltaic plant in Liechtenstein?

Schaan (FL), April 27, 2022 - By the end of 2022, Hilti will build the largest photovoltaic plant in Liechtenstein at its headquarters in Schaan. More than 4600 solar modules, installed on an area of around 1.5 soccer fields, will supply the Hilti Campus with solar power in the future.

Why is Liechtenstein a good place to live?

For instance, the Principality has the world's largest share of photovoltaics per capita. Furthermore, Liechtenstein is also an important role model regarding sustainable energy policy. In 2003, the municipality of Triesen was the first to join the Energy City Association. Triesen was certified as an Energy City one year later.

Is Liechtenstein a good place to start a business?

When it comes to eco-innovations, the world's sixth-smallest state is at the forefront, even by global standards. Ms. Monauni, Liechtenstein is best known for its specialized, internationally networked financial center. However, the Principality also has a high level of industrialization. What makes the location so attractive for companies?

Liechtensteiner solar panel installers - showing companies in Liechtenstein that undertake solar panel installation, including rooftop and standalone solar systems. 7 installers based in Liechtenstein are listed below.

Sowohl in Liechtenstein als auch in der Schweiz gibt es attraktive Förderprogramme für Solaranlagen. Diese Förderungen, wie beispielsweise Investitionsbeiträge, Steuererleichterungen oder Einspeisevergütungen, reduzieren die anfänglichen Kosten und machen Solarenergie zu einer noch lohnenderen Investition.

Hilti baut am Hauptsitz in Schaan die grösste Photovoltaikanlage in Liechtenstein. Bis Ende 2022 sollen 4600 Solarmodule die Erzeugung von Sonnenstrom aufnehmen. Das Potenzial der Anlage soll 10 Prozent des ...

The Liechtenstein Solar Cooperative is an important player in the field of renewable energies. It builds photovoltaic systems, provides information on various applications of solar energy and carries out political lobbying.
