

Our innovative technology enables industry-leading power and energy density- with hallmark Lithos application-specific dependability and safety. Industries served include automotive, e-mobility, marine, off-highway, energy storage, defense, construction, mining, and agriculture.

Lithos Energy |1,,923 followers on LinkedIn is a global leader in high performance lithium-ion battery systems engineered for demanding environments since 2015. Our proprietary,customizable battery systems give clients the ability to take products to market faster at scale.

Lithos Energy's battery systems are custom engineered,by application,for eight core industries:
#automotive,#marine,#offhighway,#energystorage,#defense,#construction,#mining,and #agriculture .

All Lithos battery systems are designed, engineered, and manufactured at our state-of-the-art facility in the heart of California's Silicon Valley U.S.A. Lithos batteries are known for their industry-leading power and energy density, as well as application-specific dependability and safety.

Lithos serves the automotive,e-mobility,marine,off-highway,energy storage,defense,construction,mining,and agricultureindustries. You can book or meet with team members Nad K.,Tom Orłowski,Chris Miller,and Harris Cohn,or inquire at sales@lithosenergy.com. #ev #batteries

Founded by highly regarded alumni from MIT and Tesla, Lithos is proud of its unwavering commitment to engineering excellence. The company's world-class team is dedicated to pioneering battery innovation and providing exceptional customer service.

Lithos introduces its latest generation of cutting-edge lithium-ion battery systems, marking nearly a decade of innovation. Customizable solutions for a wide range of rapidly expanding industries offer higher performance and cost-effectiveness.
