

Longi Photovoltaic Panel Inspection Report

Is Longi a good PV module?

With high performance and quality, LONGi won the "PV Module Energy Simulation AQM" awarding for its Hi-MO 6 and Hi-MO 7 modules from TÜV Rheinland Germany in September. This is already the seventh consecutive year they have won an award in the PV module category at the "Quality First" Solar Conference.

When did Longi update the complaint reporting management measures?

In 2013, LONGi updated the Complaint Reporting Management Measures. LONGi has established a standardized reporting and complaint management mechanism, providing channels including telephone, website, WeChat public platform, WeChat mini-program and email.

Can Longi be compatible with isolated ED degradation (PID)?

Yes. Notice, bypass of order, the installer or system maintenance supplier shall contact LONGi. Please do not touch, and therefore it can be compatible with isolated ED Degradation (PID) under high humidity, high temperature and high voltage Degradation (PID) under the conditions below: PV modules

Does Longi have a compliance management system?

LONGi has formulated its compliance management system and carried forward the certification projects in line with the ISO 37301: 2021 Compliance Management Systems - Requirements and Guidance, incorporating compliance risk management into daily operations and management.

Does Longi have a 100% completion rate for conflict mineral due diligence surveys?

Achieved a 100% completion rate for conflict mineral due diligence surveys for suppliers containing 3TG. Following the five-step due diligence framework of the Organisation for Economic Co-operation and Development (OECD), LONGi has covered the supply chains of all productive materials across the group.

What is Longi's standardized reporting and complaint management system?

LONGi has established a standardized reporting and complaint management mechanism, providing channels including telephone, website, WeChat public platform, WeChat mini-program and email. All employees, suppliers, customers and other internal and external stakeholders are encouraged to report irregularities.

As a major photovoltaic manufacturer, LONGi strives to improve the efficiency of electricity to facilitate the energy transition of China, while exploring its own green low-carbon ...

Xi'an, China, 29th August, 2024 -- The world-leading solar technology company, LONGi Green Energy Technology Co., Ltd. (hereafter as "LONGi"), released its semi-annual report for 2024. ...

Longi Photovoltaic Panel Inspection Report

October 23rd, 2024 - LONGi Green Energy Technology (Hereinafter referred to as LONGi) officially announced a new world record for crystalline silicon module efficiency. According to ...

Kuala Lumpur, October 17, 2023 - The world-leading solar technology company, LONGi Green Energy Technology Co., Ltd. (hereafter "LONGi"), has officially launched the first phase of its ...

LONGi was the only Solar Panel manufacturer to be named AAA-rated by the PV ModuleTech Bankability Ratings in the Q3 2020 rankings. As the largest product of solar panels in the world, LONGi was ranked 724th ...

LONGi is extremely confident in the performance of its LONGi Hi-MO 5 solar panel series, which is why they cover them with an industry-leading warranty of 30 years for a power output of 84.95%. This warranty covers the ...

The results are in, and both PVEL's PV Module Reliability Scorecard and RETC's PV Module Index (PVMI) awarded LONGi with Top Performer status for its Hi-MO 4 and Hi-MO 5 modules" exemplary test results.

LONGi and TÜV NORD jointly carried out a wind tunnel test to verify the ability of the module under a dynamic load, and LONGi also carried out a static load test on the large-size module ...

Discover LONGi Co., Ltd."s advanced solar photovoltaic panels, expertly manufactured for optimal performance. Explore our comprehensive solutions in solar panel technology. Whatsapp: +86 ...
