

What solar panels does Longi offer?

What solar panel modules does LONGi offer? LONGi offers four main module series, the Hi-MO 7, Hi-MO X6, Hi-MO 5, and Hi-MO 5m -- but only the Hi-MO 5m Series offers panels for residential use. Bifacial solar panels are not practical for residential installations but have gained popularity in commercial applications over the past few years.

What makes Longi Hi-mo 5 solar panels different?

The first and most important feature of the LONGi Hi-MO 5 solar panel series is the technology used to manufacture solar cells. Each solar cell in this series features high-quality P-type monocrystalline silicon wafers doped with gallium, this technology has proven to be cost-efficient, stable, and better for the efficiency of the module.

Are LONGi Solar panels half cut?

All of the LONGi Solar panels are also half-cut cell modules, which further increases their efficiency. What solar panel modules does LONGi offer? LONGi offers four main module series, the Hi-MO 7, Hi-MO X6, Hi-MO 5, and Hi-MO 5m -- but only the Hi-MO 5m Series offers panels for residential use.

What is the warranty on Longi Hi-mo 5 solar panels?

The warranty of the LONGi Hi-MO 5 solar panel series covers the workmanship of the modules for 12 years for the materials and processing during the manufacturing process. This aligns with the average warranty issued for most PV modules in the solar industry.

Does LONGi Solar produce monocrystalline cells?

LONGi Solar only produces monocrystalline products, and the company was largely responsible for driving the solar industry back towards more efficient monocrystalline cells after polycrystalline cell technology previously dominated the market since 2012 due to lower production costs.

How do Longi Hi-mo solar modules protect the backside?

To protect the backside of the solar cell, the LONGi Hi-MO PV module series include a 2 mm anti-reflective superstrate and a 2 mm tempered glass substrate. This way the modules are exposed to solar radiation on the back, but still are protected against external agents.

6 ???· LONGi, a global solar technology leader, launches its next-generation high-end back contact solar module in Europe - the Hi-MO X10. ... In addition, it comes with 0BB-structure (zero-busbar), a multi-layer design for increased ...

Longi's monofacial and bifacial photovoltaic panels are suitable for a wide range of applications, including

Longi photovoltaic panel appearance design

residential, commercial, and utility-scale installations. Their versatile design and easy-to-install mounting system ...

LONGi's Hi-MO 5m panels are designed for residential rooftop solar systems while the larger format Hi-MO 5 panels are for commercial and utility-scale installations. Like the previous Hi-MO 4 range, these panels are ...

LONGi Solar photovoltaic panels can be delivered to you anywhere in the world with our reliable and prompt transport services. We will provide you with professional technical support. ...

The Longi HiMo 6 Explorer V2 LR5-72HTH 575W Mono Crystalline Solar Panel is a high-performance solar module with 144 half-cut cells, ideal for both isolated photovoltaic installations and grid-connected systems. This Mono Crystalline ...

Explore the new Hi-MO X6 Artist Ultra Black solar panel by LONGi, featuring a 360-degree pure black appearance, high-efficiency HPBC technology, and bifacial design. Experience enhanced durability, superior ...

As a major photovoltaic manufacturer, LONGi strives to improve the efficiency of electricity to facilitate the energy transition of China, while exploring its own green low-carbon ...

LONGi backs these modules with a 10-year product warranty and 25-year linear warranty. They are certified to UL 1703, IEC 61215, IEC 61730 and are manufactured in an ISO 9001/14001 certified facility. The LONGi 425W Solar ...

LONGi Solar is one of SolarReviews' top-ranked solar panel manufacturers. LONGi offers 3 types of solar panels for residential use, ranging from 355 W - 425 W. LONGi solar panels cost about \$2.40 per watt, which is lower than the U.S. ...

All black panel with 21.8% efficiency, 25 year product warranty and 25 year linear power output warranty. ... Longi's all black Hi-MO 6 425W improves power generation capacity providing a great power to size ratio and excellent ...
