E.g. the DCS marine battery range runs 2C cells, which means our little 75Ah battery will discharge comfortably at $75\text{Ah} \times 2\text{C} = 150\text{A}$. The DCS 80Ah Extreme runs 10C cells which means the 80A can comfortably discharge at $80\text{Ah} \times 10\text{C} = 800\text{A}$ but is of course limited to lower currents due the the Battery Management System.

Deep Cycle Series DCS AGM Battery For Electrical Vehicle Applications. C& D Technologies" Deep Cycle Series (DCS) batteries are designed to perform regardless of how harsh the operating conditions may be. DCS batteries are designed and manufactured for maximum life in applications which are a combination of float and cycle service or for ...

The DCS Deep Cycle Battery is a versatile and efficient energy solution for various applications. The 12v Lithium Ion Deep Cycle Battery is known for its long-lasting performance and reliability, making it perfect for recreational and professional use. It's a great choice for those needing a dependable power source.

Features of the 12v 120ah Slimline Lithium Battery by DCS. The 12v 120ah Slimline Lithium Battery by DCS is designed to deliver superior performance and reliability for a variety of applications. Its compact and lightweight design makes it easy to install in tight spaces, making it an ideal choice for mobile and off-grid systems.
