

READING, Pa.--(BUSINESS WIRE)--Dec. 5, 2024-- EnerSys (NYSE: ENS), the global leader in stored energy solutions for industrial applications, today announced the appointment of Keith Fisher as President, Energy Systems Global effective January 2, 2025. Mr. Fisher will succeed and report to Shawn O'Connell, who was recently promoted to President and Chief Operating ...

The first batteries to use AGM technology, EnerSys Cyclon batteries are made from 99.99% pure lead. Extremely fine battery plates offer more surface area than conventional batteries and therefore more power. What's more, these high-power rechargeable batteries have a resealable safety valve which allows gases to escape then automatically ...

The Ministry of Environment, Climate Change and Technology has signed a contract for the installation of 40 MWh capacity Battery Energy Storage Systems across 24 islands in the Maldives. The project was awarded to a joint venture between China National Technical Import and Export Corporation, Guodian Nanjing Automation Corporation Limited, ...
