

Salpha Energy, the trailblazing winner of the 2024 Ashden Award for Energy Innovation (Global South), aims to revolutionise the energy sector in Nigeria by offering clean, reliable, and affordable products. Founder and CEO Sandra Chukwudozie talks to Pin Africa about their ambitious plans for expansion and transformative growth.

Sandra Chukwudozie is currently the CEO, Salpha Energy, a renewable energy company that focuses on solar solutions that can enable homes and businesses in rural and urban areas have access to...

Salpha manufacture high-quality clean energy products in Cross River, Nigeria - and offer affordable pay-as-you go finance, so that even consumers on lower incomes can buy them. These products include solar homes systems that power lights, fridges, fans, TVs and laptops, farming tools, and more.

Micronesia (country): Many of us want an overview of how much energy our country consumes, where it comes from, and if we're making progress on decarbonizing our energy mix. This page provides the data for your chosen country across all of the key metrics on this topic.

This profile provides a snapshot of the energy landscape of the Federated States of Micronesia (FSM), a sovereign nation and U.S.-associated state in the western Pacific Ocean. The FSM is made up of more than 600 islands, which presents a significant challenge of delivering electricity to people living on outer islands.
