

Could Mongolia become a battery manufacturing hub?

“Mongolia has lithium assets, Mongolia is building manufacturing facilities, the University of Science and Technology is well-versed in hydrogeology - a joint venture between the public and private sectors could put this manufacturing capability in Mongolia,” Haji says - envisioning a greater role for the country in the global battery supply chain.

Who is Asian battery Metals plc?

Asian Battery Metals PLC is focused on the exploration and development of graphite, nickel, copper and lithium projects in Mongolia. Sustainable sourcing is at the core of our business. We deliver ethically sourced raw materials with a net-zero carbon footprint throughout the entire lifecycle, from exploration to production.

Is Mongolia's first lithium brine explorer?

Enter ION Energy, Mongolia's first lithium brine explorer. The company (listed on Canada's TSX Venture Exchange) has a license to explore lithium reserves in Sukhbaatar aimag and aims to export high-quality lithium into the burgeoning battery metals Asian market, which would put Mongolia at the forefront of the electric transport revolution.

What is Mongolia's mineral project portfolio?

Our mineral project portfolio consists from highly prospective prospects and discoveries in Mongolia, a mature mining jurisdiction with vast untapped potential for battery minerals. Mongolia offers a competitive legal policy and fiscal regime specifically designed to support the development of critical battery minerals.

The sealed lead-acid battery consists of a special lead-calcium alloy plates and high capability absorptive clapboards. The battery is a valve-regulated, sealed and maintenance free. All batteries carry a 1-year manufacturer's warranty against manufacturing defects. What's in the Box. 1 x Battery; Dimensions: 172 X 328 X 220 (W-D-H)mm 29Kg

Our Low Voltage Lithium (LiFePO₄) Metal Case Batteries offer safe, reliable power with a high cycle count. Designed for versatility, these batteries can be mounted on walls or seamlessly ...
