

How do I set up a pytes battery?

Setup of the Pytes battery is very straight forward. Set the dip switches, connect the BMS communication and your "up and running". There is no need to connect to a PC to configure these batteries. We are proud to be able to offer the Pytes battery solutions here in the UK.

Do pytes have battery heating?

Pytes have incorporated battery heating into this model which is a massive advantage where your batteries are going to be installed outside, in unheated out houses/garages or in lower temperatures. So ideal for UK's colder temperatures.

Are pytes a good brand?

The Pytes brand is one of those hidden secrets in the UK, but is well recognised across Europe and the USA as one of the leading providers of solar battery technologies. Pytes offer a high level of quality peripheral items such as wall mounted cabinets, outdoor cabinets and high capacity cabinets to fit the needs of most customer requirements.
