Why should you choose Solahart solar energy in Namibia?

Solahart is a trusted brand with over 65 years of experience as Australia's energy experts and has installed more than one million solar panel systems around the world. They offer quality, efficiency, and long-term reliability. If you need solar energy in Namibia, choose Solahart.

How will solar power benefit Namibia?

The generation of solar power will complement Namibia's available green energy portfolio, such as hydro-electricity, which already constitutes more than two-thirds of our installed power capacity. Electrifying key parts of our economy and of our neighbours will spur unprecedented economic activity and growth for Namibia and Southern Africa.

What are solar grid tied systems & off-grid systems in Namibia?

Solar Grid Tied Systems and Off-Grid Systems are two different types of solar energy systems in Namibia. In Grid Tied Systems, the solar energy generated by the solar panels is converted to AC power by the Grid Tied Inverter and fed into the AC Grid. Because of the technical conception of Grid Tied systems, the energy generated is consumed immediately.
