These include the successful take-off of NASENI Solar Energy Limited (NSEL), ongoing projects on establishment of transformer manufacturing plant, establishment of a high voltage laboratory, development of UAV projects and food processing machinery ...

On the 29th of June, 2022, Engr. Ahmad Salihijo, the MD/CEO of the Rural Electrification Agency (REA) and his technical team visited the NASENI Solar Energy Limited (NSEL), a Solar PV Module/Solar Panel Manufacturing and Solar PV Power Developing and Installing Company located in the Karshi Abuja.

These include the successful take-off of NASENI Solar Energy Limited (NSEL), ongoing projects on establishment of transformer manufacturing plant, establishment of a high voltage laboratory, development of UAV projects and ...

The vice president said that the agency established NASENI Solar Energy Limited (NSEL) in Karshi, FCT, with a mandate to deliver alternative solar energy to homes and businesses in Nigeria.

According to NASENI, the construction of the polysilicon, wafers and solar cells plants will cost a total of \$171,970,000, with 85% of it (\$146,174,500) coming from the China Africa Development (CAD) through the Bank of China.

It promptly recognised the rapidly growing potential of renewable energy to serve as a viable and sustainable alternative to fossil fuels, and swiftly set up the NASENI Solar Energy Limited (NSEL) to support initiatives in that area.
