This research investigates the potential of utilizing existing dams in Libya as Hydro Pumped Energy Storage (PHES) systems. This paper demonstrates an effective approach to identify and assess suitable locations for establishing hydropower structures.

NEC Energy Solutions (NEC), a wholly owned subsidiary of NEC Corporation, and Ambri today announced they have signed a joint development agreement (JDA) in which NEC will design and develop an ...

Two weeks ago, Bloomberg reported NEC is set to wind down the subsidiary by 2030. This is despite the fact that it has around 1GW of storage projects in operation and is one of the world's largest energy storage operators. The company said it would not take on new projects but was committed to those it has in development.
