

Norfolk Island sunculture solar products in today

Who is Norfolk solar?

WHY US? Welcome to Norfolk Solar, the premier provider of solar PV, solar thermal and electric vehicle charging points in Norfolk. Solar PV is the greenest way to provide heating and lighting to your home.

Who is sunculture?

Welcome to SunCulture At SunCulture, we strive to solve the biggest daily challenges of smallholder farmers. We use off-grid solar technology to provide our customers with reliable access to water, irrigation, lighting, and mobile charging, and we can do all of that with a single system.

How does sunculture make solar irrigation more affordable?

SunCulture uses carbon revenues and financial services to make solar-powered irrigation more affordable than dirty fuel pumps. SunCulture is the largest distributor of solar irrigation for smallholder farmers in sub-Saharan Africa.

What is sunculture & how does it work?

SunCulture is scaling a proprietary technology platform that switches rural African farmers from carbon-emitting fuel pumps to solar-powered irrigation, then on-sells other productive goods and services. SunCulture uses carbon revenues and financial services to make solar-powered irrigation more affordable than dirty fuel pumps.
