

We turn to the Israel-Hamas war in Gaza. The Biden administration says the only path to peace is an old idea that was never realized - a two-state solution - an Israel and ...

Biden is calling for a two-state solution for Israeli-Palestinian peace. But the long-discussed framework is increasingly unpopular in the region. Here are some of its challenges -- and...

We turn to the Israel-Hamas war in Gaza. The Biden administration says the only path to peace is an old idea that was never realized - a two-state solution - an Israel and a Palestine side by...

The UN General Assembly passed a new resolution on Tuesday which professes its "unwavering support" for the two-state solution of Israel and Palestine, calling for Israel's withdrawal from the ...

The UN General Assembly passed a new resolution on Tuesday which professes its "unwavering support" for the two-state solution of Israel and Palestine, calling for ...

The two-state solution was the bedrock of the U.S.-backed peace process ushered in by the 1993 Oslo Accords, signed by Yasser Arafat of the Palestine Liberation Organization (PLO) and Israeli...

Newsweek mapped the global stances of every country in the world on the conflict between Israel and the Palestinian regions, revealing that there is broad support for a two-state solution, though ...

The UN Security Council succeeds in finding unity, adopting resolution 2712 on the Israel-Palestine crisis that began on 7 October, with 12 members voting in favour, none against and three...

This report explores the current situation in Palestine-Israel dynamics and concludes that the only real solution is a return to the two-state paradigm. Peace and security -- for both Israelis and Palestinians -- will ...

This report explores the current situation in Palestine-Israel dynamics and concludes that the only real solution is a return to the two-state paradigm. Peace and security -- for both Israelis and Palestinians -- will come through mutual recognition of statehood and clearly defined and respected international borders, the author writes.

The UN Security Council succeeds in finding unity, adopting resolution 2712 on the Israel-Palestine crisis that began on 7 October, with 12 members voting in favour, none ...

Biden is calling for a two-state solution for Israeli-Palestinian peace. But the long-discussed framework is increasingly unpopular in the region. Here are some of its ...

Presenting the report of the Committee on the Exercise of the Inalienable Rights of the Palestinian People for the period 2 September 2023 to 31 August 2024 (document A/79/35), Chair Cheikh Niang pledged to protect Palestinian rights and revive a two-State solution. The Committee strongly condemns the indiscriminate Israeli military campaign in ...
