

As the sun rises in the morning, smartflower POP unfolds itself completely automatically. It directs its solar modular fan (with a surface area of 18 m<sup>2</sup>) towards the sun and begins ...

El "Smart Solar Tour" representa un avance significativo en la expansión de la energía solar en Centroamérica, contribuyendo a la formación de una nueva generación de tecnólogos que impulsarán el crecimiento del sector.

Universal Solar has strategically chosen Panama as the site for its state-of-the-art solar PV module factory, a decision rooted in several compelling benefits. Unlike traditional manufacturing powerhouses in Asia, Panama offers unique advantages that enhance the production and distribution of high-efficiency solar modules.

As the sun rises in the morning, smartflower POP unfolds itself completely automatically. It directs its solar modular fan (with a surface area of 18 m<sup>2</sup>) towards the sun and begins producing electricity for you - for your hot shower, your fresh coffee, the breakfast radio. Thanks to dual-axle sun tracking, the fan moves
