

Does Pei have a solar electric Rebate program?

The Government of PEI Solar Electric Rebate Program makes solar power more affordable than ever before by providing a financial incentive for Island homeowners, farms and businesses to install solar PV panels. Solar incentives will help reduce greenhouse gas emissions and create jobs in PEI's renewable energy sector.

How do solar incentives work in PEI?

Solar incentives will help reduce greenhouse gas emissions and create jobs in PEI's renewable energy sector. In addition to PEI solar energy rebates, financing is available through the Government of Prince Edward Island to assist with the up-front costs of solar installation. Confirm eligibility (see Terms and Conditions on application form).
