

Is Palmetto a good solar company in Pennsylvania?

Palmetto tops our list of solar companies in Pennsylvania due to its excellent efficiency. See how it compares to other providers in the Keystone State. According to the Solar Energy Industries Association (SEIA), Pennsylvania has roughly \$3.9 million invested in solar energy and more than 200 solar installers to choose from.

How much does solar panel installation cost in Pennsylvania?

Solar panel installation in Pennsylvania costs \$2.96*per watt on average. That's \$29,573 for a 10 kW system before applying any solar incentives, which can lower your total cost by thousands if you're eligible. Several factors impact how much you'll pay for your solar panel system, including:

Why should I add BrightBox to my Pennsylvania solar installation?

Adding BrightBox, Sunrun's battery storage service, to your Pennsylvania solar installation can help you keep your devices and appliances running during outages, cloudy days, rainy afternoons, or at night. From 2008 to 2017, Pennsylvania experienced 1,256 power outages.
