What is sales copywriting?

What is Sales Copy? Sales copywriting is writing designed to persuade the reader to take a specific action--purchasing a service, downloading a piece of content, signing up for your webinar or course--any action that helps your business achieve its goals. Your sales copy might be used on a product page, in an email, or in an online ad.

What is a good example of effective sales copy?

Source: HubSpot A great example of effective sales copy comes from HubSpot. This copy sticks to specific pain points and speaks directly to sales professionals without being long-winded, boring, or patronizing.
Source: BrandMentions

What types of sales copy do you use at IWT?

(Oh, and we made copyable versions of our templates for you here.) We're going to walk through the four main types of sales copy we use at IWT-- sales pages, landing pages, sales emails, and blog posts. Each of them is a piece of writing unto itself. But the real power is in how they work together. Think about it like a trail of breadcrumbs.

How can storytelling make for powerful copywriting?

The company's "About us" page is a good example of how storytelling can make for powerful copywriting. Who Gives a Crap is a socially-conscious business that donates profits to sanitation projects the world over. Their "About us" page uses storytelling techniques to help the reader understand their charity goals.
