

Where can I find a model RFP for third-party solar?

CERTs has a Model RFP for Third-Party Solar that you can download and adapt to issue your own request. You can use the CERTs Solar Directory to help you search for solar installers, or ask CERTs to send your RFP to developers. You may be interested in using the Master Contract through the State of Minnesota's Office of State Procurement.

What types of contracts do Solar Contractors need?

Solar contractors should also be aware that federal contracts can be further categorized by the type of delivery -- indefinite delivery contracts, definite quantity contracts, requirement contracts and single-task order contracts -- and type of price -- fixed-price contracts, cost-reimbursement contracts and incentive-type contracts.

What if a solar contractor fails to provide a bond?

The Miller Act has strict notice requirements with which federal contractors must comply. Failure to provide bonds can lead to termination for default by the federal government. During performance, solar contractors must be familiar with their contractual obligations and rights.
