

How many countries does Suntech supply photovoltaic modules to?

Founded in 2001, Suntech has supplied over 22GW photovoltaic modules to more than 100 countries.

Do you have mobilization funding for EPCs & solar developers?

For EPCs and solar developers, we have mobilization funding (about 20% of the project cost) for a limited number of eligible projects in the USA. Our PPA includes the main solar equipment so you can use your funding on other key project areas like engineering, BoS, and payroll.

What are the different types of photovoltaic power generation systems?

The photovoltaic power generation system is divided into an independent photovoltaic system and a grid-connected photovoltaic system. Independent photovoltaic power generation is also called an off-grid photovoltaic system, which is different from a grid-connected system by adding a controller, battery, and AC inverter.
