

Papua New Guinea's Independent Power Producers chairman David Burbridge, has slammed the country's energy body PNG Power Ltd. Mr Burbridge says the company is 800 million Kina in debt.

4 ???&#0183; Marape told the conference the government wants a private investor committed to delivering &quot;cheaper, reliable, and cleaner power&quot; for the people of Papua New Guinea. The ...

Pintail Power hybrid thermal storage options fill the daily and seasonal variability gaps of wind and solar. We enable a reliable transition to aspirational clean energy targets with systems that complement batteries and can use lower carbon and renewable gas as available.

4 ???&#0183; Marape told the conference the government wants a private investor committed to delivering &quot;cheaper, reliable, and cleaner power&quot; for the people of Papua New Guinea. The partial privatisation of PNG Power aligns with broader efforts to modernise the country's infrastructure and address long-standing inefficiencies in public service delivery.

The company provides utility-scale storage of renewable or low-cost power, in a scalable, modular, compact and easily sited plant and their dispatchable solar combined cycle (DSCC) adds storage and firm capacity to solar thermal power plants to increase power output and add time-shift capability to the renewable power usage, enabling users to ...

Manage distribution voltage and reverse power flows from grid-connected PV; Pintail Power's Liquid Salt Combined Cycle(TM) provides low-carbon dispatchable power to meet capacity and energy needs without transmission losses and with lower fuel consumption and emissions than grid-based generation.

3 ???&#0183; Prime Minister Hon. James Marape has recently (11.12.24) announced his government's decision to partially privatise PNG Power Ltd amidst Government's further decision to open up other parts of the country to independent power suppliers. Prime Minister Marape told the PNG CORE Investment Week in Sydney that Cabinet has approved the decision in one of ...

Pintail Power offers patented and proprietary energy storage and related technologies with superior cost, performance, scalability, reliability, lifetime, siting, and environmental characteristics. We achieve these advantages by hybrid integration of low-cost thermal storage media with proven thermal power generation equipment.

Santos, alongside project partners TotalEnergies and ExxonMobil, is gearing up for a critical decision on the \$15 billion Papua LNG project by late 2025. This ambitious undertaking aims to harness the Elk-Antelope gas fields in Papua New Guinea's Gulf Province, potentially solidifying the nation's status as a major player in the
