

Portable power solar generator U S Virgin Islands

Share the Sun is a reduced-cost portable solar generator program. This program is being administered through Community Action NOW and Rotary Club of St Thomas East ECO with the support of Community Foundation of the Virgin Islands, Virgin Islands Conservation Society, Island Green Living.

Community Action Now teamed up with the Coalition for Solar Affordability Partnership on Saturday to distribute 20 portable solar powered generator units at the Romeo Malone Community Center in Savan.

Portable Solar Generator QUOTE Greetings from Green Energy BVI, your go-to source for cutting-edge solar solutions in the BVI. With our extensive selection of premium solar products and services, we're delighted to provide you with a more environmentally friendly route to ...

Doug White, Environmental Chairperson for the Rotary Club of St. Thomas East Eco, announces that portable solar generators are now available for retail purchase. The proceeds from these sales will fund the Share the Sun low to moderate income program, ensuring more families can access this essential technology.

purchasers will receive a 100-watt solar panel on wheels that connects to a 60Ah sealed lead-acid battery, which is also on wheels, making the system fully portable. The battery unit also contains an 1800-watt pure sine wave inverter, so as to output AC power (110V). There is also a DC outlet and a USB port for more power options.
