

What is Black Mountain Energy Storage?

Black Mountain Energy Storage is a team of energy experts who develop and operate battery energy storage facilities. We were founded in 2021 to bring reliable energy storage capacity to the electric grid that will enhance system reliability and enable greater reliance on renewable generation.

Does Portugal need energy storage?

Portugal is seeking to promote flexibility and balance its power system with energy storage as it continues to break records for solar energy production. To this end, the country's Ministry of Energy announced on Wednesday that it has allocated EUR99.75 million (\$107.6 million) in a bid to support 500 MW of energy storage projects.

How much will Portugal spend on energy storage & grid flexibility?

The Portuguese Ministry of Energy has allocated EUR99.75 million (\$107.6 million) for grid flexibility and energy storage projects which should be installed by the end of 2025. Portugal is seeking to promote flexibility and balance its power system with energy storage as it continues to break records for solar energy production.

Developer Black Mountain Energy Storage (BMES) has sold 700MW of development-stage projects to UBS Asset Management, its third substantial sale in the Texas ERCOT market in two months. The five standalone battery energy storage system (BESS) projects acquired by UBS Asset Management, part of the Switzerland-based global bank, are ...

Black Mountain Energy Storage. Black Mountain Energy Storage is a team of energy experts who develop and operate battery energy storage facilities. Founded in 2021, BMES was established to bring reliable, emissions-free energy storage capacity to the electric grid to enhance system reliability and enable greater reliance on renewable generation.

Black Mountain Energy Storage is a team of energy experts who develop and operate battery energy storage facilities. We were founded in 2021 to bring reliable energy storage capacity to the electric grid that will enhance system reliability and enable greater reliance on ...

Built by Spanish company Iberdrola at a cost of EUR1.5bn, the facility in a rocky river valley in northern Portugal is known as a pumped storage plant. But insiders have another name for the ...

IPP Vitis Energy has acquired a 200MW BESS project in the ERCOT, Texas market from developer Black Mountain Energy Storage (BMES). The Apache Hill BESS project is located adjacent to the 2.4GW Comanche Peak nuclear power plant in Hood County, the second-largest generating unit in Texas.
