Volkswagen battery company PowerCo and QuantumScape (NYSE: QS) announced they have entered into a groundbreaking agreement to industrialize QuantumScape's next-generation solid-state lithium-metal battery technology.

QuantumScape first reported on the results as part of their Q3 2023 shareholder letter. Jagdeep Singh, Founder & CEO of QuantumScape, said: These results from the Volkswagen Group's PowerCo testing make clear that QuantumScape's anodeless solid-state lithium-metal cells are capable of exceptional performance.

Das US-Unternehmen QuantumScape hat k&#252;rzlich einen wichtigen Meilenstein genommen, der nun von der PowerCo best&#228;tigt wurde: Seine Feststoffzelle hat im A-Muster-Test die Anforderungen deutlich &#252;betroffen und mehr als 1.000 Ladezyklen erfolgreich absolviert. Das entspricht bei einem Elektroauto mit 500-600 Kilometern WLTP-Reichweite rein ...

Volkswagen Group's battery company PowerCo and QuantumScape (NYSE: QS) today announced they have entered into a groundbreaking agreement to industrialize QuantumScape's next-generation solid-state lithium-metal battery technology. Upon satisfactory technical progress and certain royalty payments, QuantumScape will grant PowerCo the ...

Zusammenarbeit mit PowerCo als unserem ersten Kunden wird dazu beitragen, die Kommerzialisierung und Markteinf&#252;hrung dieser bahnbrechenden Batterien zu beschleunigen." Im Hinblick auf die n&#228;chste Phase der Zusammenarbeit zwischen PowerCo SE und QuantumScape hat Frank Blome sein Vorstandsmandat bei QuantumScape niedergelegt.

Im Hinblick auf die n&#228;chste Phase der Zusammenarbeit zwischen PowerCo SE und QuantumScape hat Blome sein Vorstandsmandat bei QuantumScape niedergelegt. Er war seit 2020 als einer von zwei Vertretern des Volkswagen-Konzerns im Vorstand von QuantumScape t&#228;tig. Der Autobauer bleibt gr&#246;&#223;ter Anteilseigner von QuantumScape.

Volkswagen Group's battery company, PowerCo, and battery manufacturer QuantumScape have agreed to

industrialize QuantumScape's next-generation solid-state lithium-metal battery technology. This partnership aims to advance the technology toward mass manufacturing for passenger electric vehicles (EVs).

PowerCo and QuantumScape have entered into a landmark agreement to industrialize QuantumScape's advanced solid-state lithium-metal battery technology for mass production. This partnership aims to meet the growing global demand for superior electric vehicle batteries. Key Highlights:

For example, in the automotive world, Volkswagen subsidiary PowerCo's partnership with QuantumScape has led to solid-state battery prototypes that could extend EV ranges up to 500,000km, setting new standards for durability and ...
