

What is Powerplus energy life premium P series?

Description PowerPlus Energy Life Premium P Series: Easy to install,easy to maintain,easy to use and infinitely scalable lithium batteriesmanufactured in Australia. The LiFe Premium Series give you peace of mind reliability,with superior performance and a premium warranty.

What is a life premium battery?

The LiFe Premium Series give you peace of mind reliability, with superior performance and a premium warranty. PowerPlus Energy 48VDC 3.8kWh LFP Battery - LiFe4838P Lithium Ferro Phosphate (LFP) is a safe, cobalt free lithium chemistry which combines fast charging and high efficiency with high temperature tolerance and increased storage capacity.

What is the lead time for Powerplus energy?

Lead time is approx 2-3 weeks. More about PowerPlus Energy: PowerPlus is a trusted partner for reliable,long-lasting energy storage solutions. They design and manufacture Australian-made batteries,cabinets,and BESS solutions for a wide range of renewable energy projects. They are passionate about supporting any renewable energy storage needs.

Who is Powerplus energy storage?

As an Australian renewable energy storage company,PowerPlus pride themselves on promoting Australian manufacturing. They design,engineer,and manufacture their energy storage solutions in Melbourne,ensuring the highest possible quality for their customers.

How do I Turn on a Powerplus energy battery?

Plug in PowerPlus Energy cold start dongle, use lower RJ45 port located in the lower left of the battery front cover. 7. MAINTENANCE 5. Turn on battery/s via on board DC breaker. If there is no BMS Status LED activity at all, battery needs to be returned to PowerPlus Energy. Wait for BMS to turn on. BMS Status LED will flash diferent colours. 4.

What happens if a Powerplus energy battery is removed from service?

When a PowerPlus Energy battery is removed from service it can be returned to PowerPlus Energy for recycling. Due to the stability and longevity of LFP cylindrical cells,returned batteries will be refurbished and checked so they can be re-purposed for low power applications and made available for community,education and charity projects.

Simple in nature, our premium LiFe Series elevates any project looking for extended battery life, and premium charging and discharging capabilities. AC and DC coupled system friendly our premium Australian lithium batteries are equipped with an in-built BMS allowing them to easily integrate into many environments in a wide range of applications.

PowerPlus Energy 24V 3.3kWh LiFe2433P Premium: Lithium Ferro Phosphate (LFP) is a safe, cobalt free lithium chemistry which combines fast charging & high efficiency with high temperature tolerance & increased storage capacity. Easy ...

PowerPlus Energy 24V 3.3kWh LiFe2433P Premium: Lithium Ferro Phosphate (LFP) is a safe, cobalt free lithium chemistry which combines fast charging & high efficiency with high temperature tolerance & increased storage capacity. Easy to install, easy to maintain & infinitely scalable lithium batteries made in Australia.

The LiFe Premium P Series Lithium Ferro Phosphate (LFP) batteries by PowerPlus Energy are designed and manufactured in Australia for the world's harshest conditions to be a simple, flexible and reliable energy storage solution. There are almost no limitations in applications and suitable devices that can charge or discharge the
