

What is the capacity of a powersafe SBS battery?

Capacity range: 31 - 190Ah12V monobloc configurations Multiple string configurations available Two year shelf life SR-4228 compliant Proven long service life High energy density and cycling capability The outstanding PowerSafe® SBS Front Terminal battery further extends the technical leadership of PowerSafe® SBS batteries range.

What are SBS C11 powersafe® batteries?

SBS C11 PowerSafe® batteries are manufactured to the highest international standards. PowerSafe SBS batteries also offer high resistance to heat and lower internal resistance to support higher rate charging and discharging. o Utilizes TPPL technology.

What is a powersafe SBS front terminal battery?

PowerSafe® SBS Front Terminal batteries retain the benefits of Thin Plate Pure Lead(TPPL) technology such as long-life,high-energy density and superior shelf life. They also deliver exceptional cyclic performance in both float and fast charge applications,even in the hottest and harshest operating environments.

What is a powersafe battery?

PowerSafe batteries are designed to cope with elevated temperatures and harsh environments. The advanced thin plate,pure lead technology and unique manufacturing methods used by EnerSys make PowerSafe SBS batteries the choice for long and trouble-free service.

Why should you choose powersafe® SBS batteries?

Even in the most challenging operating environments,they continue to deliver reliable power and meet all SR-4228 and NEBS(TM) level 3 testing requirements. Widely used in cable TV,emergency lighting,power generation,and offshore applications,choose PowerSafe® SBS batteries for proven performance and peace of mind.

Where are powersafe® batteries marketed?

PowerSafe® products are marketed under the SuperSafe® brand in the following specific countries - India,Indonesia,Malaysia,Singapore,Thailand,Australia and New Zealand. Featuring advanced Thin Place Pure Lead (TPPL) technology,PowerSafe SBS batteries deliver long life,high energy density and superior shelf life for telecommunications.

SBS C11F POWERSAFE® FEATURES AND BENEFITS o Nominal Voltage: 12V o Capacity: 91 Ah o 12V monobloc configurations o Two year shelf life o SR-4228 compliant o Proven long service life o High energy density and cycling ...
