Better Solar Aruba: Free energy for Aruba. High quality solar solutions for a better price. We can implement a complete solar panel solution for your home or business but we can also provide you with Cash & Carry DIY solutions. Green energy for a great price.

The cost price for the needed solar panels are added to the appropriate inverter and come to a total package price including assemblage on Aruba. In the calculation we are referring to 250 WP solar panels, each generating 500 Kwh in the Caribbean, measuring 1520 mm x 1038 mm x 34 mm on a pitched roof.

Wernet Solar Solution & Engineering is a company situated in Aruba, Paradera and is specialized in Solar Energy systems for houses and commercial buildings. Our main core business is solar panel installation, but we also sell products which can help you save energy such as LED lights.

Solar power fosters autonomy by generating on-site electricity, reducing dependence on external power sources. Increased Property Value: Solar-equipped properties often command higher prices due to their long-term energy savings and market appeal.

Lowest Prices in Aruba. We understand that solar energy is more than sustainable energy. It's a great investment that's hard to beat, at the correct prices. By buying in wholesale quantities and streamlining our business processes, we can offer the absolute lowest prices on Aruba.

We have installed over 10,000 solar panels in Aruba since Mister Green was founded in 2016. We are proud to be the only company in Aruba that is fully focused on our customers keeping these two things in mind: How can you start saving money as soon as possible? How can we make the transition to sustainable energy, as easy as possible?

The cost price for the needed solar panels are added to the appropriate inverter and come to a total package price including assemblage on Aruba. In the calculation we are referring to 250 WP solar panels, each generating 500 Kwh ...
