

Sint Maarten GridMarket was chosen as Sint Maarten's exclusive renewable energy partner to help the island reach 85% renewable penetration and 100% heavy fuel oil free by 2030. Sint Maarten will work with GridMarket to identify, design, procure, and install distributed energy assets and make corresponding infrastructure upgrades. The scalable

St. Maarten faces significant challenges in transitioning to 100% renewable electricity due to its limited space, lower wind speeds, and frequent hurricanes. The island's small and hilly terrain makes large-scale solar and wind energy installations difficult, as many potential locations are already used for tourism and housing.

Con el sol caribeño como una fuente de energía constante y poderosa, el gobierno de St. Maarten ha introducido exenciones fiscales y subsidios para quienes están dispuestos a invertir en energía renovable.

Rapidly scaling up solar PV installations will lower electricity expenses for consumers and increase the reliability of the island's power supply while contributing to St. Maarten's overall sustainability goals, the report concluded.

Sint Maarten/Saint Martin, the picturesque island in the Caribbean, known for its turquoise waters, vibrant culture, and stunning landscapes, is now on the brink of a green revolution. As the world grapples with the challenges of climate change, this tropical paradise is harnessing the power of the sun to transform its energy landscape.

We offer tailored solar solutions to meet the specific needs of Sint Maarten's diverse properties, including residential homes, commercial buildings, hotels, resorts, villas, casinos, restaurants, warehouses, and factories.

Solar Energy Caribbean offers reliable solar power solutions across the Dutch & French Caribbean, including Sint Maarten, Saint Martin, Saint Barthélemy, Saba, and Trinidad & Tobago.

The Maho Group, owners and operators of St. Maarten's Sonesta Resorts, have signed an agreement to install an updated state-of-the-art solar power park. This solar farm project will be led by China Machinery Engineering Corporation's (CMEC) subsidiary, CMEC Dutch Caribbean.

At Solar Tech Caribbean, we are dedicated to revolutionizing the way you power your life. Our mission is to provide cutting-edge solar solutions, seamless Starlink installations, and convenient EV charging services

tailored to meet the unique needs of Sint Maarten/Saint Martin. Explore a greener, more connected, and energy-efficient future with us!
