Are solar panels tax deductible in Puerto Rico?

Residents of Puerto Rico who are looking to install solar panels may benefit from several incentive programs. The federal solar tax credit allows you to claim 30% of the total cost of your solar panel system on your federal income taxes. This applies to solar systems purchased from the beginning of 2022 through 2032.

For this program, a solar company will own and maintain the system on your roof. This happens via a lease agreement (where you pay a fixed fee) or a Power Purchase Agreement (where you pay for the energy you consume). Under these agreements, the solar company is responsible for routine maintenance, insurance, and major equipment replacement.
