

Who makes solar energy in Qatar?

The state-owned group, Qatar Solar Energy, is a leading manufacturer of solar power components and last year opened the largest integrated production facility for solar energy systems in the Middle East and North Africa region. Even more recently, Qatar's Solar Technologies, took a 49% stake in German-based SolarWorld.

How will Qatar's Solar energy industry evolve in the near future?

The various milestones in the technological innovations associated with Qatar's solar energy industry are likely to accelerate the market in the near future. The renewables-based power generation in the country was around 43MW, as of 2020, which is almost negligible as compared to the fossil fuels penetration (13099MW).

Why should you choose solar thermal system in Qatar?

The success of our approach speaks for itself. We have developed solar systems installations across Qatar and these are increasing in size and number with each passing year. Solar thermal system is used to heat water, in Partnership with World top thermal brands, and we provide all kind of thermal products to meet all hot water demands.
