Is solarwise a good company?

Solarwise was the best by \$1000. The installation was on time and went smoothly. Now where this company stood out was the after sales service. We had a leak, that dripped all day, so they sent a guy out to fix it. After a short time I noticed it still leaked, without hesitation, they sent someone else and this time it was fixed.

Solarwise was set up in 1992 (QIS in 1979) to manufacture and distribute products on the world wide. Solarwise now manufactures Heat Pumps, Blankets, Rollers and Solar Pool Heating. Today Solarwise is recognised as a leader in the Energy Conservation Industry.
