

Who is Riello?

With a consolidated experience in over 100 years of great successes and innovations, thanks to projects and solutions aimed to exploit efficiently all types of energy, Riello is the Italian brand leader in manufacturing systems and technologies for heating and cooling in the residential and professional sector.

Who owns Riello group?

United Technologies Holdings Italy S.r.l. has completed the acquisition of approximately 70 percent of Riello Group S.p.A., a leader in products and services for the heating segment operating in over 60 countries.

What makes Riello a strong company?

Riello's strength is the result of its technological innovation capacities and the experience it has acquired during the years, based upon the reliability of a team of technicians, professionals and collaborators who are called upon every day to make their own contribution in terms of hard work, skill and creativity.

Why is Riello a sustainable company?

It is sustainability that guides Riello in the way it operates, designs, and builds state-of-the-art systems. The objective is to improve the quality of life, making the planet a better place to live today and for future generations. Riello stands for efficient use of resources and careful product design.

What makes Riello a green company?

A green focus on our whole world. Riello has embraced the concept of well-being at 360°, a well-being that falls on the eco-sustainability of its products and on the philosophy of managing corporate "thing". The values that we hold high underscore how we operate. We are committed to always acting with integrity in everything we do.

What makes Riello unique?

Riello's strength is the result of the technological innovations, skills and experience it has acquired over its 100-year history. We develop systems using alternative energy sources, such as green hydrogen and biofuels, hybrid systems and products powered by electricity.
