Eco-friendly MWM cogeneration power plants with combined heat and power enable decentralized, economical and energy-efficient power production. Container Cogeneration Plant Available for TCG 3016, TCG 3020 and TCG 2020 gas engines.

The small population and harsh environment present unique challenges for infrastructure development, yet innovative solutions have been implemented. For example, a submarine fibre optic cable, installed in 2018, links the islands to Canada via Newfoundland, greatly improving internet speed and reliability.
