Is Reliance Group launching a solar project in Bhutan?

Anil Ambani's Reliance Group has announced its entry into Bhutan with plans to develop 1,270 megawatts of solar and hydroelectric power projects. This initiative includes building Bhutan's largest solar plant, a 500 MW facility, aimed at producing clean energy and supporting the fight against climate change.

Where is SmartEnergy based?

Smartenergy, founded in 2011, is headquartered in Wollerau, Switzerland. Beyond our Team in Wollerau, we rely on our own local subsidiaries in all our focus markets. Local knowledge and proximity to the industry stakeholders allow us to identify and secure opportunities at an early stage while creating synergies across the entire value chain.

How will Reliance Group support Bhutan's net-zero goals?

"Reliance Group will collaborate with government-owned companies in Bhutan to implement infrastructure projects that support Bhutan's net-zero goals," the company stated, emphasizing its commitment to sustainable development in the region.

Why did SmartEnergy win a prestigious award?

Among over 1000 applications, Smartenergy was chosen for pioneering smart energy hubs that leverage green H2 for the decarbonization of heavy-emitting sectors. The prestigious award comes as Smartenergy scales up the go-to-market strategy into green electricity, green hydrogen and e-SAF. #energytransition #greenhydrogen #eSAF #Committed.

I've been talking to my mother and she claims she received a post card telling her she earned \$200 gift card from an electrical company called SmartEnergy. When I questioned her about it, she said she called the number on the back of the post card and gave them her account number for her current electrical company, her home address and the ...
