SAHEL SOLAIRE is the leading Solar Panel Assembler company. We combine strong technical expertise with business acumen to provide innovative and sustainable power solutions tailored to the needs of a wide range of Commercial and Industrial customers (C& I).

Solar power offers a clean, renewable alternative to traditional energy sources, harnessing the abundant sunlight that bathes Chad's landscape. Sahel Solar's solar panels capture this energy, converting it into electricity that can power homes, schools, healthcare facilities, and businesses.

Convallt Energy is set to build three community solar plants with battery storage in Chad. The New York-based company has signed a memorandum of understanding with Chad's Ministry of Water and Energy for the construction of the projects.

Convallt Energy has partnered with Chad's Ministry of Water and Energy to build three community solar plants in Lai, Bongor, and Moundou, delivering 3 MW of solar power and 1.5 MWh of battery storage. These projects aim to strengthen Chad's energy production capabilities and meet the growing demand for electricity.

Sai Solar Energy is a micro enterprise in Hosur, Tamil Nadu, operating as an MNRE-authorized vendor providing renewable energy solutions. Specializing in the manufacture of primary cells and rechargeable batteries, Sai Solar Energy promotes sustainable energy with solar photovoltaic panels, contributing to reduced greenhouse gas emissions and fossil fuel dependency.

We have been servicing the energy industry since 2016 and have offices in Chad and Senegal. Our focus is the supply and installation of solar electric power systems and components for businesses and homes in Sub-Saharan Africa. We offer solutions from reputable manufacturers including Victron Energy.
