

Why should you choose Dakota lithium?

That's why here at Dakota Lithium we focus on building batteries that last a long, long time. By harnessing a unique chemistry and our engineering know-how Dakota Lithium lasts 4-10x longer than traditional batteries, providing lasting value for our customers, and reducing e-waste and the impact on our planet.

Who is Dakota lithium?

With 100 MWHs of energy storage deployed globally, Dakota Lithium is the leader in OEM engineering, powering the future for the world's most innovative companies. Meet Dakota Lithium. Meet your power broker. Get access to exclusive deals, hear about new products before anyone else, and enjoy tips, tricks, and DIY hacks from our community of experts.

Could South Dakota become a powerhouse for lithium mining?

South Dakota has the potential to become a powerhouse for developing these lithium minerals that are so important to modern day life." But it's not just Midwest Lithium that's mapping what exists in the Black Hills. The mountain range is seeing a significant increase in new mining claims.

Is there lithium in the Black Hills?

Big Rock Exploration geologist Alex Steiner examines a mineral specimen. His company is looking for signs of lithium in the Black Hills. "Those are probably little pieces of quartz," Steiner said, pointing to a white rock strewn around a six-foot wide crater.

How long does Dakota lithium last?

Backed by an 11-year warranty and 8x the lifespan, Dakota Lithium powers your trolling motor, RV, or golf cart with reliable, all-day performance. Hurry! Offers expire 11/30/24. Shop now and save! We partner with industries across the globe to build customized energy solutions.

How much power does a Dakota lithium battery have?

Jump start a car or boat engine with over 1,000 cold cranking amps (CCA) of engine starting power, run a trolling motor, or power your devices and smaller appliances with 135 amp hours (1,728 watts) of deep cycle Dakota Lithium energy. All in one waterproof lithium battery so light that it floats.
