SHG has been made aware that the operation of an additional sea freight service to St Helena is being considered by a private shipping company, under the agency of Meihuizen International. Last year SHG invited tenders from parties interested in providing a longer term sea freight service to the island. Following a procurement process, SHG [...]

own renewable energy. 2. St Helena is no different and the issue of energy on the Island is a risk to social mobility, fuel poverty, economic growth and the environment. 3. Through partnership work with Connect Saint Helena Ltd good progress has been made in terms of renewables with 28.8% of all energy used in 2015/16 coming from renewables.

This is what I call "real" customer service as I did not buy the system from LR Renewables, and they could of argued that until the issue is proved to be the additional battery bought from them, go back to your original suppliers. Issue has been fixed for 2 weeks now and system is working perfectly. A BIG THANK you Stevie and LR Renewables.

The renewables developer, which is majority-owned by Singapore-based commodities trader Trafigura Group Pte Ltd, has signed the contract with Connect Saint Helena Ltd, the sole utility on the island. The PPA will lead to the construction of a minigrid that comprises a 568-kWp/500-kW solar farm, a 2.7-MW wind farm and a 3.2-MWh/3.5-MW battery ...
