We provide multiple energy solutions for families, businesses, and energy providers. The Bank, our backup-power solution, incorporates everything you need to power your home or business's essentials for 24 hours (18.2kWh).

Secure your home from power outages with reliable energy storage and backup power. Our inverters detect when there is a power outage, disconnects you from the grid, and brings power back to your home in under 20 milliseconds. At this speed, lights don't flicker, computers don't stop, and clocks don't reset.

Univix inverters can switch between power sources in under 20 milliseconds. This means that our inverters are capable of switching from grid to batteries in the event of a power outage, without resetting your alarm clock, or flickering your lights.
